FOOTBALL LAW ANNUAL REVIEW 2022

HOTEL HILTON PUERTO MADERO
BUENOS AIRES, ARGENTINA
10 & 11 MARCH 2022

With the collaboration of:

WHY A FIFA FOOTBALL LAW ANNUAL REVIEW?

One of the **fundamental pillars of FIFA 2.0** is the **transparency** of the organisation, its governance and the decision-making process.

In recent years, the development of **regulations and legal decisions** in various fields of FIFA's activity has become a **very relevant** issue for professionals at member associations, leagues, clubs and players and agents' unions.

With this undeniable reality in mind, **FIFA has set itself the objective of ensuring** that football's legal stakeholders can get to know the **most relevant aspects of the field**.

Since 2019, **FIFA has been opening its doors to present the successive FIFA Football Law Annual Review**. The idea is to introduce, on an annual basis, the regulatory work, case law and main decisions of its decision-making and judicial bodies, as well as the main Court of Arbitration for Sport (CAS) proceedings arising from FIFA's decisions and this endeavour will continue.

2021 has been another year of relevant regulatory changes for FIFA. Additionally, relevant decisions by the FIFA judicial bodies and the CAS have been rendered.

It is time to share
this information and
present it to everyone!
